creative™ 2.0

Step into another world.

For everyone who is passionate about sewing and always searching for new inspiration – the PFAFF® creative™ 2.0 sewing and embroidery machine is here. Step into the exciting world of embroidery and discover the advantages of creating with PFAFF® machines. You will be amazed ...

The breathtakingly beautiful design of the new PFAFF® creative™ 2.0 sewing and embroidery machine is based on German tradition. The unmistakable design influences the look of an entirely new generation of sewing machines and shows you at first glance what the name PFAFF® stands for.

Spacious.

The most generous sewing space, an incredibly long free-arm and a large embroidery area are waiting for you!

Bright.

Dual lights illuminate the entire working area with no shadows. The clear graphic display shows you the selected stitch in actual size with all information you need.

Precise.

The original IDT™ system guarantees absolutely even fabric feed from top and bottom. Stitch positioning lets you place the stitch exactly where you want. A unique selection of perfectly stitched, high-quality 9 mm stitches will inspire new ideas.

The time is right for new ideas, for true highlights, and for fun creativity. Step into another world!

Easy transfer with USB!

The PFAFF® creative™ 2.0 sewing and embroidery machine has a USB connection. Save all your favorite embroidery designs on the PFAFF® USB Stick (1 GB storage capacity) and transfer them easily from your computer to the machine.

Create and embroider your own design ideas!

Turn to pages 10/11 to discover how you can expand your creativity to the limit with the sensational PFAFF® 5D™ Embroidery System software series.

Put your ideas on fabric!

Enjoy using an extra-large embroidery area - up to 260 x 200 mm (10 1/4 x 8 inches) to turn your ideas into reality.

Just select your design and you're ready to go. It can be moved in 4 directions and be turned in increments of 90 degrees. With the Orbit to Check Position function, you can check the position before you begin to stitch. This is a fantastic advantage when you are repeating several designs or combining one design with another.

Fabrics which are too delicate to be hooped can be easily adhered to hooped embroidery stabilizer with the Basting in the Hoop function, before they are stitched.

The PFAFF® creative™ 2.0 sewing and embroidery machine stitches the color sequences of your design, one after the other. All you need to do is change the thread. All connecting stitches between embroidery segments are cut automatically with the Cut Jump Stitches feature and pulled to the underside of the fabric, as are the upper thread and bobbin thread when embroidery is complete.

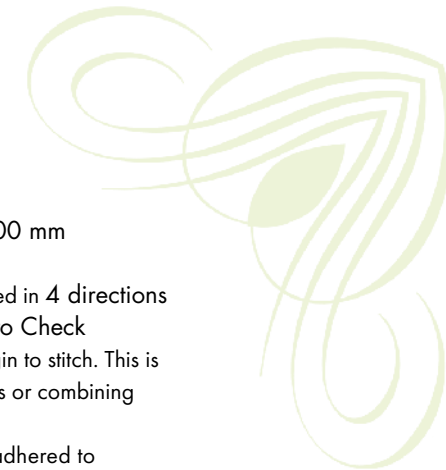

Navigate through the entire design. No matter where you are in the embroidery, you can always move, stitch-by-stitch or between the color blocks, forward or backward, to embroider only part of the design.

Plus - enlarge or reduce your embroidery designs by up to 20%.

Multi-colored designs can also be embroidered in just one color.

Large embroidery area, up to 260x200 mm (10 1/4 x 8 inches)!

The creative™ Elite Hoop (260x200 mm) for large embroideries and the creative™ 120 Square Hoop (120x120 mm / 4 3/4 x 4 3/4") for smaller embroideries are included with the PFAFF® creative™ 2.0 sewing and embroidery machine. Quick release on all hoops makes re-hooping simple. Easily reposition the hoop to change the bobbin, trim around an appliqué or to move to the center of the design.

Set the stage for your ideas!
 The repertoire of PFAFF® 9 mm, high-quality stitches invites you to create unique details and eye-catching effects. Combine them with embroidery designs and discover the world of unlimited possibilities. Sewing instructions for this enchanting belt can be found at www.pfaff.com

Behind this versatile embroidery machine is a first class sewing machine!

The PFAFF® creative™ 2.0 sewing and embroidery machine meets the highest demands and sets new standards of perfection. Take another step ...

So spacious!

Your projects need room to grow as you create. The PFAFF® creative™ 2.0 sewing machine will impress you with its optimal design, which gives you fantastic freedom of movement and unbelievable space to the right of the needle (250 mm / almost 10"). Place the layers of fabric and batting under the presser foot and you'll immediately notice the amazing amount of space. Do you like to sew tubular items? No problem, thanks to the longest slender free-arm on the market.

So bright!

Dual lights illuminate the entire work area with no shadows. See an overview of the utility and decorative stitches on the lid – just a glance at what is available to you. Use the direct select buttons to easily choose the stitch of your choice. The large illuminated graphic display shows you

the selected stitch in actual size, at the recommended setting. Each setting can be changed, in small steps, and the new setting can be permanently saved in the machine's memory for later use.

So precise!

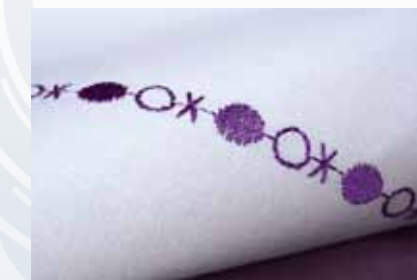

Precision has never been so easy! Stitch positioning lets you place the stitch exactly where you want it. Position decorative stitches, utility stitches and more for perfect topstitching and other decorative effects.

The PFAFF® creative™ 2.0 sewing and embroidery machine offers automatic tie-off at the beginning and end of each seam for a quick and easy finish. Automatically cuts top and bobbin thread at the touch of a button and the presser foot is raised automatically to its highest positions. The bobbin thread sensor alerts you when the bobbin thread is running low.

Perfect results include perfect buttonholes – when using the unique Sensomatic Buttonhole Foot. Both buttonhole columns are stitched in the same direction for a flawless appearance – and for identical buttonholes, every time!

Decorative stitches – big impact!

Immerse yourself in the fascinating selection of exclusive high-quality PFAFF® 9 mm stitches. Combine them with embroideries and create unique embellishments.

It's the details that count!

A fascinating selection of high quality PFAFF® 9 mm stitches is just waiting to be discovered. Create your own stitch designs with Stitch Sequencing! Combine different 9 mm stitches and save them in one of the 10 memories. Sew in one step repeatedly.

The original – only from PFAFF® for over 40 years!

The ultimate in piecing perfection!

Absolutely even fabric feed from both the top and the bottom. Everything stays in place when working with fine fabric or several layers. When sewing long pieces of fabric, such as curtains, both layers are fed evenly along the entire length. Patterned fabric such as stripes always match.

Breathtakingly beautiful!
 An imaginative combination of fabrics, embellished with fabulous embroidery, will make your quilt an impressive, unique work of art. Your creativity will experience an entirely new dimension. All embroidery designs and decorative stitches shown are included in the repertoire of the PFAFF® creative™ 2.0 sewing and embroidery machine.

The instructions for this exclusive quilt can be found at www.pfaff.com

Are you longing for new inspiration? Take a giant step into modern quilting!

Fantastic surfaces, unique effects. Lower the feed dogs from the front of the machine, select one of the two Free-motion modes, and move the fabric as desired to create a unique stitched surface.

The ability to embellish a quilt with embroidery opens up unlimited potential for your creativity. Traditional quilt patterns take on entirely new looks to amaze quilters around the world.

With 37 different needle positions available for straight stitch, you can stitch each stitch exactly where you want it. Select needle down when you stop sewing. The needle remains in the fabric for easy pivoting. The extra-large stitch plate has seam markings to the left and the right of the needle to guarantee the right spacing and perfect sewing results.

The PFAFF® creative™ 2.0 sewing and embroidery machine sets new standards in sewing convenience – standards which you soon won't be able to imagine ever doing without ...

Play with your possibilities!

The PFAFF® creative™ 2.0 sewing and embroidery machine not only has an impressively large selection of embroidery designs – it also has PFAFF® 9 mm quality stitches and unique Antique Quilt stitches, which are only available from PFAFF®. Change stitches, mirror them side-to-side and/or end-to-end, combine them, change the settings of built-in stitches to your personal liking – completely new patterns will appear before your eyes. Save up to 40 stitches and/or letters in one of 10 sequence memories and sew them in one step, repeatedly. Incorporate Program Stop, Thread Snips or Tie-off into a stitch sequence. Your sequence does exactly what you want, every time.

Tapering on 9 mm decorative stitches! Gradually increase or decrease the width at the beginning and/or at the end. Choose different angles for more creativity.

New quilting perfection!

Everyone who quilts needs lots of room! The PFAFF® creative™ 2.0 sewing and embroidery machine has that room. Working with large volumes of fabric is no problem on the extra-large sewing space. Another valuable feature – the extra Presser Foot Lift – raises the presser foot to its highest position so that thick fabrics and several layers can be easily placed under the presser foot.

Combine stitches and mirror them side-to-side or end-to-end for unique results.

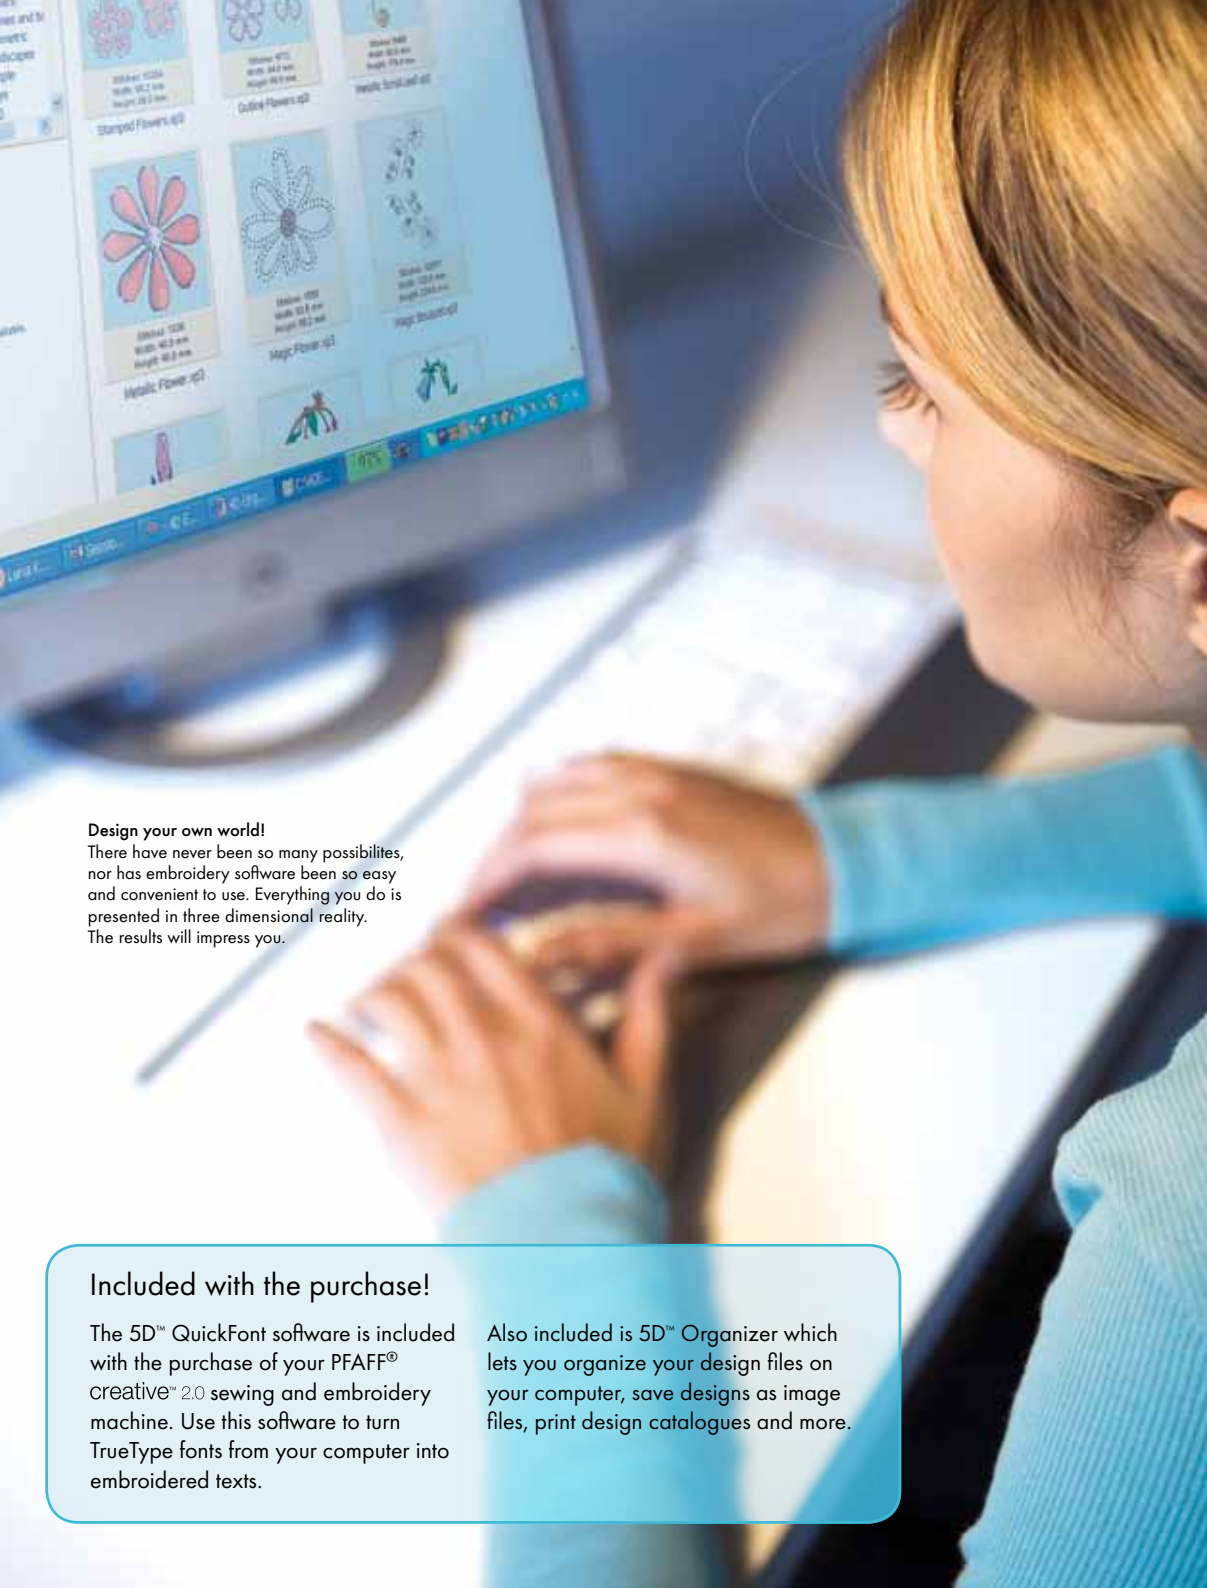

The quilt is your creation, let it display your name. Try the included embroidery font or one of the two built-in sewing alphabets, all with upper/lower case letters, numbers and symbols.

Large sewing space – a dream for quilters!
 The well-designed shape of the PFAFF® creative™ 2.0 sewing machine offers unbelievable space for working with large amounts of fabric. A sewing space of 250 mm (almost 10) to the right of the needle – an unbeatable advantage when quilting.

PFAFF® high quality 9 mm stitches Special quilting designs Free-motion effects Fascinating embroidery designs Unique embellishments
