The list goes on and on.

### Main features

#### MODEL: EM-1010

- △ Single head machine with 10 needles to meet all of your embroidery needs
- △ Sleek and stylish design with 7" HD true color LCD touch screen
- △ User-friendly interface with easy-to-understand icons and operation
- △ Multiple languages available, including English, Chinese, Spanish, Portuguese, Turkish, Dutch, French, German, Thai, Arabic, etc.
- △ Servo motor enables machine to be more durable and reliable
- △ Patented intelligent thread break detection system
- △ Linear guide rail makes machine more reliable
- △ Low power consumption at 80W
- △ Automatic color change
- △ Automatic thread trimming
- △ Single button with different color display for START and STOP
- △ On-board lettering
- △ One-step appliqué
- △ One-step tracing
- △ Machine reads multiple design formats, such as DST and DSB
- △ Dual CPUs enable design input/output while machine is in operation
- △ Pre-set hoops to avoid hitting hoop frames
- △ Position of design within hoop is displayed on screen while in operation
- △ Design automatically rotates 180° when switching from cap to flat (or vice versa) embroidery mode
- △ Recessed USB port to better protect USB flash drive
- △ Automatic data restoration when machine is powered off and later powered back on
- △ While working, the embroidered part will be displayed in color with the unfinished parts in shadows
- △ Digital ON / OFF switch for built-in LED light
- △ Screensavers available
- △ Ethernet or wireless connection makes it easy for design management on PC
- △ Network capability
- △ Environmentally-friendly heavy duty carton package
